MET Office – Red/Amber Weather Warning

Dear Parents/ Carers,

The weather forecast for Monday is that it will become dangerously hot from approximately 2pm onwards.

We plan to open school as usual, including our Whizz kids, until **1.15pm**. This will allow our children to have their transition to their next class teacher, have lunch and then go home before the peak of the heat.

Children must;

- wear their school PE kits, to be cooler
- wear hats and long lasting sun cream
- have a refillable water bottle

Tuesday might be a more manageable temperature, but we will keep a careful eye on the situation and if the forecast becomes similar to Monday, we will close again at 1.15pm. We always keep the safety of your children and our staff at the heart of our decisions.

Thank you for your support

Mrs Beale
