

Year 5 Weekly Home Learning Plan – 8th May 2020

Please find below this week's Home Learning for Year 5. We are continuing to also use online learning provided by Oak National Academy – details are below.

ClassDojo

Thank you to all the families who have created a Parent Account at **ClassDojo** and are messaging us directly to ask questions about Home Learning. We are really enjoying all the wonderful photos showing children's work and seeing all the lovely things you are doing at home.

Please continue to send them, it is a great way to keep in touch.

If you have not had your invite or you are having any difficulty setting up an account, please email head@stmatthias.worcs.sch.uk to arrange for this to be activated for you.

Reading

Read quietly, or to an adult for at least half an hour each day.

- This may be split into 15 minute chunks.
- Complete a comprehension on VE day which can be found here:
- <https://www.twinkl.co.uk/resource/t2-h-5396-ks2-ve-day-differentiated-reading-comprehension-activity>
- There are three levels of ability, please choose one to complete.
- The information will also help with the suggested 'VE Day Celebrations' Learning Log sent separately.

Daily Oak Academy National Lessons

Please use the Oak National Academy site to access daily English, Maths and Foundation subject lessons. You can find the lessons here: <https://www.thenational.academy/>

To access the lessons, click on 'Online Classroom' > 'Schedule' > 'Year 5' and select the day. The lessons are best done in order so start with Monday's lesson, then Tuesday's etc..

If you need any help accessing the online learning please message the class teachers through ClassDojo or email school. We will be able to message you back during school hours.

Maths

Try the maths lessons on Oak Academy (see above).

20 minutes of Times Tables Rock Stars practise every day.

You could also try 'www.timetables.co.uk' for more practise and games.

P.E

Use Joe Wicks HIIT workouts for kids on YouTube.

Set up a simple circuit training session in the garden or around the house; jogging on the spot, sit-ups, star jumps, burpees ... and lots more. Have one minute on each activity and then move on to the next one. How many of each can you do in one minute? Can you beat your own record?

Mental Health and Well Being

Choose any of these activities to do – these are suggestions and don't all have to be completed:

- ✓ Continue to spend plenty of time outdoors whilst the weather is still good.
- ✓ See how many different trees you can spot when you go out for a walk. Look carefully at the leaves and then look them up to find out about them when you are at home.
- ✓ Choose your favourite song and make up a dance routine
- ✓ Lie on your back in the garden (or park) and watch the clouds carefully. Can you make out shapes? Do they look like certain things? Can you see the same as someone else?
- ✓ Most of all, have fun!

We love to see your home learning in action so please do continue to send us photos of your work through ClassDojo and let us know if you are happy for us to share them.

You can also tweet them to @stmatprimary.
