

Scheme of Delegation 2018/19

St Matthias' Church of England Primary Academy

1. This Scheme has been developed to clarify the roles and interactions, responsibilities and authorities of Governors, committees of the Governing Body and members of staff employed at the school in respect of key aspects of the management of the school and to ensure compliance with legal requirements.
2. Delegations cannot be exercised other than by the designated person or committee unless otherwise directed or agreed by the Governing Body. The Head Teacher may sub-delegate to members of staff, without reference to the Governing Body, all or part of specific activities provided that such activities lie entirely within the scope of those delegated to the Head Teacher. The extent of the sub-delegated authority and of the reporting requirements associated with it must have been clearly defined by the Head Teacher and understood and accepted by the recipient. In the absence or incapacity of the Head Teacher, the delegations stand delegated to the Deputy Head Teacher unless otherwise directed or agreed by the Governing Body. In the absence or incapacity of a postholder other than the Head Teacher, the delegations stand delegated to the Head Teacher unless otherwise directed or agreed by the Governing Body.
3. Instead of exercising her/his delegated authority a postholder or committee may refer the matter to the appropriate committee or to the Governing Body. The scheme will be reviewed at the first meeting in each academic year by the Governing Body and is made without prejudice to the powers and duties of the Governing Body and its committees.
4. Policies for undertaking the various delegated activities are those listed in the school Policies and Documents Register the current version of which is held by the Head Teacher.
