

Reception Class Home Learning Plan Weekly expectation 22.06.20-26.06.20

Please find below this week's Home Learning for Reception Class. We are using online learning provided by Oak National Academy and phonics lessons delivered by the Department for Education (https://www.youtube.com/channel/UCP_FbjYUP_UtldV2K_-niWw/videos)

Read with your family every day for 30 minutes.

Read your keyring words and if you have access to the internet then head to www.phonicsplay.co.uk to play our tricky word trucks – phase 2 and 3. If your child can read them then record a video of them reading them and post it on Tapestry! I will then send you the next phase. Phase 4 and 5 are also on the Phonics Play website ☺

Please continue to use the Oak National Academy site to access daily English, Maths and Foundation subject lessons. You can find the lessons here: <https://www.thenational.academy/> To access the lessons, click on 'Online Classroom' > 'Schedule' > 'Reception' and select the day. If you feel that your child is not engaging with this then you can head to whiterose maths or classroom secrets for activities. You can also message Mr Salmon on Tapestry and he will send you activities for your child.

Remember your magic five when writing and use your phonics skills ☺

This week can you write a story about a minibeast? Think of your who? Where? When? And What Happened? If you would like a story frame please download it from Tapestry on Monday or ask for a printed copy ☺

The Brave Bee, The Slimy Snail or the Excited Earwig are example titles...can you think of any?

Maths

Have a look at whiterose maths for this week's challenge. Last week you may have looked at and used one of the whiterose topics that we mentioned. Have a look at another week this week as we are still learning about minibeasts. Week 4, 5 and 6 link really well to our minibeasts topic and are based on the stories The Snail and the Whale, The Very Busy Spider and SuperWorm. Choose one that you like and work through it in the week.

In school we will also be adding by counting on. We will be using ten frames to help us. "I will start on 5 and count on 3, what will I land on?" $5+3=8$.

Minibeasts

We will be focussing on Minibeasts again this week. We will be finding out about Snails, Beetles, Grasshoppers and Ants. We will be learning about their habitats, what they like to eat and their features. We will be sharing stories such as Snail and the Whale, Billy's Beetle, The Very Clumsy Click Beetle and The Ant and the Grasshopper. You can find these stories on youtube to listen to.

Art – Create your own representation of a minibeast. We will be making clay snails and will be getting messy with beetles and ants.

PE –This week the challenge is the Agility Challenge.

Check out the details on the following link <https://www.activehw.co.uk/worcestershire-school-games>

If you want to enter your child's scores each Friday then you can either do it yourself or send me the results and I will upload them ☺

There is also an ongoing Design a Games Flag / Poster and Worcestershire's Got Talent Showcase! Deadline for this is Friday 26th June.

We would love to see your home learning in action so don't forget to tweet pictures of your work to @stmatprimary and add it to Tapestry.
