

Reception Class Home Learning Plan Weekly expectation 27.04.20-01.05.20

Please find below this week's Home Learning for Reception Class. We are now using online learning provided by Oak National Academy – details are below

Reading

Read with your family every day for 30 minutes.

Read your keyring words and if you have access to the internet then head to www.phonicsplay.co.uk to play our tricky word trucks – phase 2 and 3. If your child can read them then record a video of them reading them and post it on Tapestry! I will then send you the next phase. Phase 4 is also on the Phonics Play website 😊

Please now use the Oak National Academy site to access daily English, Maths and Foundation subject lessons. You can find the lessons here: <https://www.thenational.academy/> and we have sent instructions for how to use this site in a separate letter. To access the lessons, click on 'Online Classroom' > 'Schedule' > 'Reception' and select the day. The lessons need to be done in order – don't worry if you have missed a day, just do the next lesson in the sequence depending on where you are up to.

If you need any help accessing the online learning please message me through Tapestry. I will be able to message you back directly during school hours.

Remember your magic five when writing and use your phonics skills 😊

There is also a good home schooling section on Monster Phonics to help the children with their phonics skills. They can recap phase 3 and then have a go on phase 4.

Monster Phonics

<https://monsterphonics.com/home-learning-in-the-covid-19-lockdown/reception-home-learning/>

Have a go at learning a new song! Can you sing it, record it and add it to Tapestry?

Maths

15 minutes of daily numeral formation - writing your numbers – you can then hide them around the garden and see if any are missing.

Good websites for activities: <https://kids.classroomsecrets.co.uk/>
<https://whiterosemaths.com/homelearning/early-years/>

Enjoy practical activities such as building, using shape and making cooking 😊

PE

Use Joe Wicks HIIT workouts for kids on YouTube to perform a routine at home.

Develop those catching skills. Work in pairs or you can work alone. If you want a challenge you can bounce the ball and catch it! How many times can you do this in one minute?

Art – Can you see the Malvern Hills from where you live? Have a go at drawing or painting them. What colours would you need to use?

We would love to see your home learning in action so don't forget to tweet pictures of your work to @stmatprimary and add it to Tapestry.
