

Reception Class Home Learning Plan Weekly expectation 20.04.20-24.04.20

Reading

Read with your family every day for 30 minutes.

Read your keyring words and if you have access to the internet then head to www.phonicsplay.co.uk to play our tricky word trucks – phase 2 and 3. If your child can read them then record a video of them reading them and post it on Tapestry! I will then send you the next phase.

Read Mavis the Magical Cat pack from <https://www.talk4writing.co.uk/wp-content/uploads/2020/04/Reception-Unit.pdf> I have also added it to Tapestry for you to download.

Writing

Write a card to one (or more of your

classmates). Send them to school and I will post them on to your friends! You can tell them all about the exciting things that you have been doing at home 😊

Keep a daily diary on Tapestry! Record what you get up to. Can your child help you spell some words? Practise spelling words from your keyrings and have a go at writing all of your letter sounds every day.

Maths

15 minutes of daily numeral formation - writing your numbers – can you create a rainbow numberline?

20 minutes daily on <https://kids.classroomsecrets.co.uk/>
<https://whiterosemaths.com/homelearning/early-years/> This website has a weekly book (online version available) and lots of lovely daily activities.

Do some measuring this week. There are lots of activities that you could do:

- Read The Gingerbread Man and measure out ingredients to bake your own
- Read Jack and the Beanstalk and plant your own seeds – measure them when they grow and create a graph
- Put water outside with different bottles and pots and explore capacity
- Measure the height of all of your family members. You could use tape measures or find non-standard units, e.g. building blocks.

Use Joe Wicks HIIT workouts for kids on YouTube to perform a routine at home.

Can you ride your bike or scooter? Try doing it without stabilisers!

Art – Read The Very Hungry Caterpillar (or watch on YouTube) and create your own beautiful butterfly.

I am seeing hundreds on my daily walk and they are lovely to see. love the idea of using old magazines that have been cut up.

We would love to see your home learning in action so don't forget to tweet pictures of your work to @stmatprimary and add it to Tapestry.
